

HOROSCOPE

GEMINI (May 21 - June 20)
You have two distinct sides to your personality, which now is more apparent. Things that normally upset you will roll off your back and vice versa.

CANCER (June 21 - July 22)
Your imagination could get you into serious trouble. Concentrate on the tasks before you, and do your dreaming at home.

LEO (July 23 - Aug. 22)
Ego can be a good thing, but usually not with Leos. This is a period when you need to step aside and give credit to those who truly deserve it.

VIRGO (Aug. 23 - Sept. 22)
You can be a party animal, but you are a loner at heart. Sometimes that makes it hard for you to develop friendships. Listen to your intuition.

LIBRA (Sept. 23 - Oct. 22)
It's time to let down your hair and try being human for a while. Everyone has grown tired of your quarrelsome attitude. Treat people with respect.

SCORPIO (Oct. 23 - Nov. 21)
You should begin making travel plans for a trip in late summer. Be aware of how and what you are saying to those around you.

SAGITTARIUS (Nov. 22 - Dec. 21)
You are probably trying to figure out a way to get your foot out of your mouth. Apologize and tell the other party it was a terrible misunderstanding.

CAPRICORN (Dec. 22 - Jan. 19)
You will be in a situation that calls for great resourcefulness. If you are having trouble with relationships, try simply being yourself.

AQUARIUS (Jan. 20 - Feb. 18)
Your mental powers are at a peak, though your most profound thoughts may come in dreams. A friend's remark affects you deeply.

PISCES (Feb. 19 - March 20)
You want to see the world and this may be the perfect time to do so. Begin your venture close to home if funds are a problem.

ARIES (March 21 - April 19)
Voice your opinions concerning a situation that disturbs you, but wait until the appropriate time. Insecurities could hinder a special relationship.

TAURUS (April 20 - May 20)
Go against your natural inclination to be stoic. Those around you need your love and compassion. Most of all they need to know you care.
