

# Police seek leads on boy's assailter

Farmington Hills police are still seeking information about an unidentified man who sexually assaulted a 12-year-old boy on a bike path in the woods northwest of Beechview Elementary School shortly after 7 p.m., May 11.

The man is described as about 40 years old, 6 feet tall, 200 pounds, with "a belly." He has light brown, short, straight hair and a mustache. He also wore glasses and is believed to smoke cigarettes, according to police. At the time of the assault, the man wore a dark-colored business suit.

The assault "occurred on the bike paths around the Beechview Swim Club," 20850 Westmoreland, north of 11 Mile, east of Orchard Lake Road — next the school. The boy told police he first saw the man standing by the child's swimming pool with a never model red or burgundy station wagon, possibly a Volvo.

The boy rode his bike on a

path along the expressway and on returning to the area encountered the man standing on the bike path. As the boy passed him, the man reached out and grabbed his right arm, pulling him off the bike. The man then assaulted the boy.

Anyone with information, including anonymous tips, is asked to call Detective Rose Mackie of the Farmington Hills Police Department at 474-6181.

Listed below are some of the Farmington-area police incidents, fire calls and court cases reported during the past week:

### ARMED ROBBERY

Four unidentified men — one of them armed with an automatic pistol — walked into a Taco Bell restaurant on Orchard Lake Road late Tuesday night, held up the employees and left with an undisclosed amount of money from a charity jar, according to a Farmington Hills police report.

Just after 11 p.m., four men walked into the restaurant, 29925 Orchard Lake Road; one walked toward the bathroom, three stood in front of the counter. One of the men had a chrome, automatic pistol and pointed it at one of the employees behind the counter.

The man with the gun ordered the employee to open the cash register and then the safe. The employee could not open either. The employee told the man that only the manager could open the safe. One of the men then went looking for the manager who was outside washing windows.

Even though the manager later entered the restaurant, one of the men went behind the counter and grabbed a plastic charity jar and walked out of the restaurant.

Oak Park police later saw the getaway car, described as a white or tan 1983 Mercury Lynx.

### GAS LEAK

Farmington Hills firefighters responded to an odor complaint Monday at Grand River, near the I-275 overpass, and found it was a gas leak caused by a lightning strike, according to a fire report.

Consumers Power Co. arrived on the scene and found that it was a leak in a six-inch main in the road. The lightning strike apparently transversed through the steel bridge girder and burned through the gas line, which passed under the bridge.

A portion of the road was dug up and both lanes of the roads were closed during repair.

### SHORT CIRCUIT

Damage was limited after a short switch in a house on Bunker Hill shorted, causing an arc, according to a Farmington Hills fire report.

The homeowner threw water on

the switch when it shorted, which may have compounded the problem. A portion of the kitchen floor was scorched from the arc and the wall was discolored from the arc at the switch.
