## SHRINK YOUR MORTGAGE PAYMENTS DOWN TO SIZE.

You could save hundreds, even thousands of dollars over the life of your loan by refinancing at today's low fixed interest rates.

Just think. If you set aside what you'd save over the years, it might be enough to help with college expenses, take a well-deserved vacation or help your child to meet college costs. Or simply have extra cash on hand to use as you wish. Or you could pay your loan off earlier by putting the money you save back into the mortgage.

Call 691-6510

AND IMAGINE THE POSSIBILITIES.

One call will get you in touch with a loan agent who can review your personal situation and show you how much you can save. We can even come to your home or place of business, seven days a week.

NBRI doesn't charge an application fee, or tax search fee, but does offer one of the best refinancing packages around. Your agent can tell you up front, in writing, the total amount of refinancing charges.

Call National Bank of Royal Oak today. You're not losing anything by seeing the difference we can make. But just imagine what you could gain!
