

OU cops \$1.1 million in grants

Oakland University faculty members have been awarded a total of \$1.1 million in grants from outside agencies.

The awards were accepted by the OU Board of Trustees Nov. 5 and represent grants recorded by the university in September.

Grants and grant directors are listed below.

American Chemical Society, \$10,000 to Kenneth Harmon, chemistry, for "Spectroscopic and Thermodynamic Studies of Hydrogen Bonding Systems."

Dow, Marion Merrell, Inc., \$7,154 to Kornelia Kulig, physical therapy, for "Evaluation of Ketoprofen Gel in the Relief of Delayed Onset Muscle Soreness."

Enviroclean, Inc., \$6,423 to Satish K. Walla, biological sciences, to support "Laboratory Treatability Study to Demonstrate Bacterial Degradation of BTEX and TCE-1."

Environmental Protection Agency, \$98,889 to Satish K. Walla for "Molecular Biology of Chlorobiphenyl Degradation (Genes) from Pseudomonas Putida."

Henry Ford Hospital, \$69,324 under direction of Fred Hetzel physics, in support of "Photody-

EDUCATION

namic Therapy: Basic Science Studies."

Ford Motor Company, \$190,000 for consulting services for Alan Winterbottom, mathematical sciences.

General Motors Research Laboratories, \$30,016 under direction of You-Liang Gu, mathematical sciences, for "Enhancement of ROBOCUT-Rapid Robotic Path Generation Techniques" for computer assisted design math models.

Michigan Sea Grant Program, \$5,000 to Doug Hunter, biological sciences, for "Direct Experimental Assessment of the Impact of Dreissena Polymorph on Unioned Growth, Mortality, and Condition in Lake St. Clair."

National Eye Institute, \$188,971 to Sitaramayya Ari, Eye Research Institute, to study "Guanylate Cyclases in Rod Photoreceptors."

National Institute of Mental Health, \$70,884 for Randal Hansen, psychology, in continuing support of his study of "Cognitive Emotive Processes: Investigating Repression."

National Occupational Infor-

mation Coordinating Committee, \$116,568 to Howard Splete and Judith Hoppin, education and human services, to "Develop a National Career Development Training Institute."

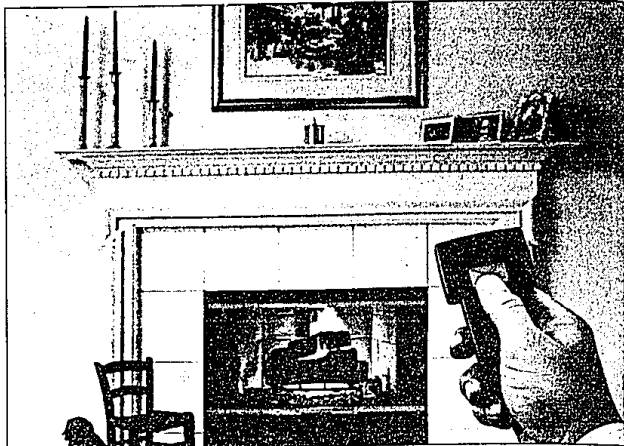

National Science Foundation, \$20,510 to Winsen Taam, mathematical sciences, in support of "RUI: Spatial Models for Improving Integrated Circuit Manufacturing Processes."

National Institutes of Health (nursing), \$131,071 under direction of Carol Zenas, nursing, to support the "Nurse Anesthetist Education Programs."

National Institutes of Health, James A. Shannon Director's Award, \$100,000 to Feena M. Hansen-Smith, biological sciences, to research "Growth and Differentiation of Microvessels in Muscle."

Oakland County Dept. of Institutional and Human Services, \$3,625 to Robert S. Fink and Barbara Talbot, Grafton Counseling Center, in support of "A Proposal for a Substance Abuse Prevention Pamphlet."

Pontiac School District, \$61,851 to the OU Upward Bound Program in support of its "Forward Bound" component.

Stop playing with matches.

Sorry if that sounds like your mother talking. But with gas logs in your fireplace, there's never a need to touch a match, a log or a hearth full of ashes again.

Simply touch a button to instantly start a clean-burning natural gas fire.

You'll also be keeping 50 percent of your money from going up the chimney.

Contact your local Consumers Power office to find the gas log dealer close to home. With no more fires to light, just think how big your matchbook collection will get.

Chelsea Community Hospital presents:

Annual Update

MIGRAINE & OTHER HEADACHES

Guest Speaker: JOEL R. SAPER, M.D., F.A.C.P.

Author, Educator & Head Pain Expert

National Chairman of the American Council for Headache Education
Director of the Michigan Head-Pain & Neurological Institute

Topics:

- Use of Over the Counter Meds
- Advances in Research
- New Treatments
- Headaches & Children
- Hormones & Headaches
- The Michigan Headache Action Group

Wednesday, December 9, 1992

6:30 - 9:00 p.m.

Chelsea, Michigan 48118

There is no charge for this lecture thanks to educational grants from several pharmaceutical companies

Before Radial Keratotomy

After Radial Keratotomy

Clearly, the Michigan Eyecare Institute can make a difference

As founders of the Michigan Eyecare Institute, Dr. William Myers and Dr. Mark Rubinstein have been at the forefront of ophthalmologic breakthroughs. Dr. Myers was the second ophthalmologist in the U.S. to perform radial keratotomy — the breakthrough procedure to correct nearsightedness. The Michigan Eyecare Institute was also where the first Excimer laser was located in Michigan. For more information, or to schedule a free screening, call us at 1-800-248-4643.
