### Basket Ball

If the first exhibition games of the season are any indication, Basket Ball will flourish in Farmington this winter. There are at present in Farmington no less than three basket ball teams—Farmington I, Farmington II and the high school team, with a fourth about to be organized if all rumors are true.  
The games last Saturday night were very spirited and seemed to be interesting to the large number of spectators. In the first game the high school boys won from the scrub team which opposed them. In the second game Farmington I piled up a heavy score over the Second team.  
It is reported that the high school girls, under the leadership of their bright and popular teacher, are about to organize a basket ball team.
