

Free Remedy For Weak Bowels

There are two forms of bodily cleanliness, the external and the internal. The one is for your pride in yourself; the other for your life and health. Both are important, but of vastly more importance in the long run is the internal cleanliness. This is one point that all should watch about their bodies—the cleanliness of the bowels. Keep them clean and free from obstructions and you will have one or two movements of the bowels each twenty-four hours. If your system does not do this naturally, in the process of eating and drinking, then you must obtain aid of some kind. After finding out that cathartics, salts and such things relieve you for a day, but bind you up worse than ever the next day, then try a simpler and more natural remedy like Dr. Caldwell's Syrup Pepsin. For the essential the best way to begin is to send your name and address to Dr. Caldwell for a free sample bottle. Use it as directed and if it convinces you that a brief continuance of its use will relieve you permanently—that it will drain the stomach and bowel muscles to gain work naturally at certain hours—then buy it of your druggist at fifty cents and one dollar a bottle, just as so many others are doing. They begin with a sample bottle, then bought a fifty cent bottle and now, fully convinced of its merits, they buy the one dollar family size. All the members of the family can use it down to the very youngest. A brief use of this grand laxative tonic will cure constipation in its worst form. Indigestion, liver trouble, sick headache, constipation and such ailments and keep you in continuous good health at a very small cost. Such is the experience of many families like that of Mrs. Oscar Freener, Unionville, Ind.; J. P. Daniel, Warren, Tex.; and hundreds of others that could be named. Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family. Write him to the stomach, liver or bowels absolutely free of charge. Explain your case and a letter and he will reply to you in detail. For the free sample simply address your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, 2450 Caldwell Building, Monticello, Ill.

Hobble-skirts are not handsome, comfortable or attractive except as an object of ridicule. Editors are compelled by virtue of their office to denounce this crazy fashion. The fact that Paris places the blame for this foolish and eccentric style on America and in turn America declares her innocence of such a blunder in aesthetics seems to show that Dame Fashion is completely disgusted and ashamed of her degenerate offspring. No wonder. The idea of the hobble skirt must have originated while Dame Fashion was in a nightmare and finally evolved while she was suffering with indigestion.
