Again

-the Greatest Sensation of America's Greatest Industry

for Economical Transportation

Again, Chevrolet has created an automobile so far beyond all expectations in the low-price field that it constitutes the greatest achievement of America's greatest industry.

Built on a 4-inch longer wheelbase—offering numerous improvements in performance, beauty and safety—the Bigger and Better Chevrolet marks a spectacular epoch in the development of luxurious transportation at low cost.

The engine is of improved valve-in-head design with alloy "invar strut" pistons . . . hydro-laminated camshaft gears . . . mushroom type valve tappets . . . AC oil filter . . . AC air cleaner and a new crankcase breathing system.

Throughout the entire car similar

advancements are represented—from the four-inch longer wheelbase and the new semi-elliptic shock absorber springs—84% of the wheelbase, to the marvelously beautiful new Fisher bodies in new Duco colors.

Come in and drive this great new car. Drive it through traffic—and get the thrill of its darting pick-up . . . the smooth, certain action of its non-locking four-wheel brakes! Drive it on the open road—and test every point in the speed range for smoothness and roadability! Try it on the hills—and learn the true meaning of Chevrolet power!

Do that—and you will agree with thousands of others that here is the world's most luxurious low-priced automobile.

Washing WITHOUT hands!

The old-time washday, with its tired hands and aching muscles is passing out of the calendar.

Millions of women are now letting electricity do their washing. The Electric Washer does in minutes what used to take hours to do—and does it well.

Electric washing saves money, too. One penny's worth of current will run an electric washer for 50 minutes. You may pay for your washer in small instalments if you wish.
