

Powered by a Brute of an Engine All-American in Design

What a power plant! What a clean, uncluttered example of advanced engineering design! That's what you think when you lift the hood of the All-American Six. That's why this brilliant car is amazing everyone who takes the wheel. . . A brute of an engine, indeed. With a 73-pound crankshaft. . . crankcase and cylinder block of "bridge-truss" design. . . generously large connecting rods and other vital parts. With many other notable advancements. . . 6-M-H cylinder head. . . fuel pump. . . full pressure cooling of moving parts. . . Small wonder it's famous for conquering America's stiffest mountain grades. Small wonder it has never found the road too rough or the pace too trying. . . Yet for all its wealth of power, it's silent and sat-in-smooth. And for speed and snap and handling ease. . . just drive it yourself and see!

PRICES: 2-door Sedan, \$1045; Landau Coupe, \$1045; Sport Roadster, \$1075; 4-door Sedan, \$1115; Cabriolet, \$1155; Landau Sedan, \$1265.

New Sixes Pontiac Six, \$715 to \$875. All prices at factory. Delivered prices include destination handling charges. Easy to pay on the liberal General Motors Time Payment Plan.

Special Sport Equipment Available on all body types. Special front fenders with tire wells. . . five special tire locks and . . . special . . . collapsible trunk rack. . . \$10 extra on open cars. . . \$10 on closed cars. . . all disc wheels with pump equipment, \$75 on open cars. . . \$55 on closed models.

MONEY

How often you have said this! And how often you have heard others say it! And how many opportunities you have missed by NOT having ready money!

All these things should start you to thinking how foolish it is to go on spending money as fast as you get it; and not have a Savings Account to draw on in case of emergency or investment opportunity.
