Norld's greatest Value and Outselling all sixes

The world's largest sale of 6-cylinder cars became an Essex achievement solely because of merit.

All 6-cylinder sales records are swept aside in the enthusiastic reception everywhere accorded the New Essex Super-Six. Many communities report 100%, 200%, even 300% greater sales than for the corresponding period of last year, which was the former all-time Essex record.

In all ways the New Essex Super-Six is engineered to the lowest operation and maintenance costs. And increasing thousands of oveners rolling up thousands of miles of service prove that these qualities which delight you on your first ride are just as lasting as they are brilliant.

Simple, Compact and Convenient

ight control - 2. Horn button rottle - 4. Radiator shutter control
