

TOWNSHIP ASKED TO PUT PRICE ON TOWN HALL SHARE

(Continue from page one)

satisfaction to both, for years to come.

The town hall was built by the Township, the second floor, however, having been put on for the Masonic lodge, at their request, and being paid for by the lodge. The City's interest developed when the village became a city, and the City, being 27 per cent of the Township, accordingly became entitled to 27 per cent of the Township's interest, according to the interpretation of members of the committees.

The record of the Township Board action which resulted in the present situation was located recently by City Clerk N. H. Power. Searching diligently, he located the report, which is believed to have been hitherto unpublished. The Enterprise is pleased to be able to print herewith the record of the Township Board's proceedings in 1876, as discovered by Mr. Power:

Proceedings of the Township Board of Farmington, held May 8, 1876.

Present: B. F. Grace, Supervisor, H. A. Green, Justice of the Peace, W. C. Coonly, Justice of the Peace.

The following resolution was then passed:

Resolved that a contract entered into and between J. S. Prall of the City of Pontiac of the first part and the Township Board of the Township of Farmington of the second part, dated January 25, 1876 is this day dissolved by mutual consent.

Signed: Benjamin F. Grace, Supervisor, Morrice A. Green, Justice of the Peace.

William L. Coonly, Justice of the Peace.

Frank D. Clark, Township Clerk.

Mr. J. S. Prall of the City of Pontiac having submitted plans and specifications for a Town Hall in the Township of Farmington and the Township Board of the Township of Farmington of the same did by resolution enter into contract with the same J. S. Prall to build and complete said hall after the plans and specifications accompanying the same for the sum of four thousand one hundred and fifty dollars (\$4,150.00). A motion did prevail that Frank D. Clark be appointed Superintendent of the same whereas the Masonic Fraternity of Farmington being desirous of obtaining and purchasing the second story of said Town Hall have this 8th day of May, 1876 through their representatives, namely: Omer L. Murray, Alvin J. Wixom, Eli Woodman, Ruben W. Crawford, Lawrence W. Simmons and Norman Lee entered into contract with the Township Board of said Township to build and construct said second story of Town Hall according to plans and specifications of memorandum of agreement signed by the party of the first part and the second part for which the said Masonic Fraternity is to pay the said Township Board the sum of One Thousand, one hundred and fifty-three dollars (\$1,153.00).

A meeting of the Township Board of the Township of Farmington, held June 3, 1876.

Present: H. A. Green, Justice of the Peace; B. F. Grace, Supervisor; F. D. Clark, Township Clerk.

The following resolution was passed:

Whereas the Township Board of the Township of Farmington have entered into articles of agreement with the Masonic Fraternity of the said Township to complete the second story of Town Hall for their use and benefit for which the said Masonic Fraternity are to pay the said Township the sum of \$1,153.00 and whereas the citizens of the Village of Farmington have agreed by subscription to pay to the supervisor of said Township the sum of four hundred dollars for purchasing Town Hall site therefor be it resolved by the Township Board of said Township that the Treasurer of said Township is hereby authorized and instructed to procure the said (\$1,153.00) from the Treasurer of said Masonic Fraternity and also the \$400.00 for the said supervisor at such times and in such sums as the above named parties may elect and to place the above named amounts to the credit of the building fund of said Township and to pay the same on the order of the Township.

Frank D. Clark, Township Clerk.

The Altar Society of Our Lady of Sorrows Church will hold bridge and pedro party Thursday, May 17th at the home of Mrs. Spencer LaFevre on Cambridge ave., north of Grand River in Clarendonville. All are invited to attend. Games start at 8:30 p. m. —Adv.

HERE WEDNESDAY

Luther Allen, member of the Oakland County Road Commission, was in Farmington Wednesday with other county road officials looking over the ground for the extension of the Ten-Mile road into Farmington.

1:45 a. m.—Lecture, Dr. Caroline Hedger.

2:00 a. m.—Lecture, Dr. Caroline Hedger.

2:15 a. m.—Lecture, Dr. Caroline Hedger.

2:30 a. m.—Lecture, Dr. Caroline Hedger.

Do you know that your refrigerator is doing its work?

THERE'S only one test of that. If it is constantly maintaining a temperature of less than fifty degrees, it is in satisfactory shape. If it is not, the food you take from it contains active bacteria of decay.

We are making a city-wide survey of refrigerator temperatures in the interests of Kelvinator Electric Refrigerators. The Kelvinator man will test your refrigerator accurately and tell you frankly just what protection it is affording you.

There is no obligation whatever connected with this service... it simply means that our men can give you a better understanding of the wholesome benefits of electric refrigeration in general and of the clear, crisp cold of Kelvination in particular. They can show you how you can make a Kelvinator earn its own way.

Let the Kelvinator man test your refrigerator... he will call within the next few weeks.

MRS. E. ROOS SPEAKS TO WALLED LAKE MOTHERS, GIRLS

Farmington Woman Gives Principal Address At Annual

Over 200 mothers and daughters attended the annual Walled Lake Mother and Daughter banquet in the high school gymnasium recently. The banquet was sponsored by the True Blue Class of the Methodist Church.

Mrs. Emil Roos of Farmington was the principal speaker of the evening. She talked on "Being a Mother—Job or Joy Ride." This talk was especially good and one which will be remembered by all who heard it. Miss Margaret Tuttle acted as toast-mistress.

The gymnasium was decorated in green, yellow, and white crepe paper streamers. Each table was decorated with water lilies and at each plate was a water lily nut cup. The center decoration was a lily pond in the center of the room.

A fine dinner was served by the Masonic Lodge of Walled Lake, the men showing themselves adept at cooking and serving. An interesting program was presented following the dinner. An especially interesting feature of the entertainment was a talk by Mrs. A. J. Church of Ann Arbor. Mrs. Church is a former resident of Walled Lake.

PAVING PROBLEM SOLUTION OFFERED

(Continue from page one) Mr. Warner, "That of the amount to be paid by the village, only about \$10,000, in excess of possible assessments on vacant lots."

Electric Rate Lower

The Commission received a letter from E. L. Mills, manager of the Detroit Edison Company, stating that the city was entitled to a downward revision of its electric bill. The Commission laid on the table a request of a carnival promoter for permission to operate in the city for a week.

It was voted to borrow \$10,000 in anticipation of taxes to pay bills, and to hold back \$75 of \$225 on the contract for painting of the water tank for 90 days, to determine the value of the work done.

Committees were continued for the coming year, the only changes being that of Commissioner Staman to the Cemetery Committee and Commissioner Gildemeister to the Water Committee.

RURAL SCHOOLS WILL HAVE LANGUAGE MEET AT WALLED LAKE MAY 12

The Zone 1 Rural Schools will hold a language contest at the Walled Lake Consolidated School test will commence at 9:00 o'clock in the morning and will probably last until noon.

Grade champions from the different schools in this Zone will compete to decide the champions of this Zone. The contest was also held here last year.

The tests consist of questions asked on the different articles the children are requested to read. They are scored according to speed and accuracy.

This contest is in charge of Miss Ethel O'Connor, helping teacher of Oakland County Rural Schools.

PASADENA PARK

Mrs. Harold W. Holmes entertained at a bridge party on Saturday evening.

Mrs. Herbert Wagner entertained the Pasadena Park Bridge Club on Thursday.

Mrs. George Hall gave a shower for the pleasure of Mrs. Ferguson, teacher at the Bond School.

Mrs. James F. Cain attended a bridge luncheon in Detroit on Monday.

Mrs. George Hall had dinner guests from Detroit on Sunday.

Around the corner I have a friend in this great city that has no equal. Yet days go by and weeks rush on. And before I know it a year has gone.

And I never see my old friend's face.

For life is a swift and terrible race.

He knows I like him just as well as I like him just as well.

As in the days when I rang the bell.

And he rang mine—we were younger then.

And now we are busy, tired men. Tired with playing a foolish game. Tired with trying to make a name "Tomorrow." I say, "I will call on Jim."

Just to show him I am thinking of him.

But tomorrow comes and tomorrow goes.

And the distance between us grows and grows.

Around the corner, yet, miles away.

"Here's a telegram, sir; Jim died today."

And that's what we get and deserve in the end.

Around the corner, a friend.

WHAT PRICE WEALTH?

Growing old and stooped shouldered carrying dollars is not very pleasant to contemplate. And yet there are people who are so anxious to accumulate vast riches that they grow old before their time. Wealth that is gained at the sacrifice of health and stal-

wart manhood is bought at a mighty high price. And all for what? Nothing; for at the end of the journey not one penny can be carried away and the best that most people can say of the departed will be the disingenuous amount of his holdings and how he skimped and shut out most of the sweetest things of

life for the potage of money—The Passing Parade.

Sometimes after a girl has fished for a man and landed him she doesn't know how to get him off the hook.

Even hot-headed men occasionally get cold feet.

Self-Evident Truth

Ten years' experience in the Real Estate business has taught me three things—WHEN, WHERE, and HOW to buy. Here's my answer. Compare it with yours.

Buy when the market is quiet—when building costs are at a low ebb.

Buy in a section of any great, growing American city that is about to benefit materially by public improvements.

Buy through a Broker who KNOWS where all of the best buys in that section are.

In other words, buy NOW, in the vicinity of FARMINGTON, through the oldest firm in the community—F. D. FLEMING & CO.

Sincerely,
F. DEVERE FLEMING.
