INTO TREE; IS WRECKED

Carlton J. Youngs of Scott Lake suffered a slight concussion of the brain and several lacerations about the face on Monday of this week, when his Ford coupe ran into a tree at the corner of Main and Pontiac streets.

Mr. Youngs was on his way to work and had a large roll of paper beside him and as he was driving across Main street the roll of paper fell over in front of him obstructing his view. The car crashed into a large poplar tree at the corner. His car was demolished.

## ADVERTISING

When the times are hard and people are not buying, is the very time that advertising should be the heaviest. You want to get the people in to see what you have to sell, and you must advertise to do that. When the times are good they will come in of their own accord. But I believe in advertising all the time. I never stop advertising. — John Wanamaker.
