SINGS FOR EXCHANGE

A decided "hit" was made Wednesday noon by Charles Hutton, baritone, of Walled Lake, when he sang at the weekly luncheon meeting of the Farmington Exchange Club. Mr. Hutton, who is heard frequently over the radio, conducts a school of voice at Walled Lake.

His repertoire included cowboy songs and songs of the sea, all of which were well received.

opener, but a family that owns its own house and land around it at least ninety times out of a hundred; a family that buys everything, from the roof on the house, to the cement on the cellar floor; from the hat on mother's head to the shoes on the boys' feet. The service that their publishers render to the public is, in my opinion, the most important service rendered by any class of citizens in the United States. The country editors are distributors of information; they reach the minds of the boys that leave the farms, and they are the nation's mental police force," says Arthur Brisbane.

After half a century in the publication of newspapers, daily and weekly, the writer can endorse the opinion of Arthur Brisbane that the country paper is read from end to end, and the advertisements are of special interest. Where a hundred read all that is in the home weekly, only one in that hundred peruses all that is in the big city daily paper that comes to them. Large foreign advertisers are also becoming cognizant of the fact that space in country weekly and smaller city daily papers is of real value to them; that they can gain more at less cost, at the same time securing as much combined circulation with a certainty that their advertisements will be read by all—Woodburn, Ore. Weekly Independent, April 12.

Every emotion has its price and if we want to enjoy it we must pay for it.

Does a complaining wife create a forbearing husband, or are such marriages arranged in heaven?

The Ladies' Community Circle will omit their regular meeting during the month of June.

Fred B. and Beryl Alice, children of Mr. and Mrs. Fred B. Hitchcock have the whooping cough.

Mrs. J. Harding and Mrs. F. Johnston of the Oakland Heights subdivision are motoring to New Jersey where they will meet Mr. Harding, who has taken a position there.

Carl Utley is building a three-car garage on his property, corner Twelve-Mile and Switzer road. Mrs. Ray McCrumb and Miss Carney will be the teachers at the Bond School for the coming year.

Miss Gertrude Bullis left for Cleveland by boat on Wednesday morning. She has spent several weeks with her parents, Mr. and Mrs. J. B. Bullis.

Mr. and Mrs. George Merritt have moved back in their home on the Orchard Lake road and 13-Mile road.

Mrs. Ida Cox is now living with Mr. and Mrs. August Geisler.

Mrs. Tom Tracey left for the south on Wednesday morning where she will visit her daughter, Mrs. Goebel Black in Grant City, Kentucky.

Mrs. Johanna Engel is back to her home in North Farmington after having been in Gladwin for a long while.

The Bond School term for next year will be ten months instead of nine as in former years.

TRIBUTE TO COUNTRY PRESS

"The smaller newspapers of the country are the most important newspapers, and incidentally, in proportion to their circulation, their advertising rates are the smallest in the country. They are read through from end to end. Every copy of circulation means an entire family, not a family that lives in one room with a can

Ice Cubes

All three makes have compartments for freezing enough ice cubes for an entire family. Colored ice cubes of green, yellow, pink, delicately colored, tempt the appetite when served in cold beverages or as garnish to decorate salads and desserts. A tasty touch may be added by freezing cherries and other fruits into the cubes. Canned fruit may be easily frozen in ice cubes provided it is first washed. Freeze ginger ale in the refrigerator trays. A few cubes add zest to almost any cold beverage.

Frozen Desserts

Dependable

After years of development, electric refrigeration possesses the same 24-hour dependability as your electric light. With electric refrigeration in the home there are fewer trips to market and fewer worries about the purity of food. Milk and cream keep sweet longer and health is safeguarded. Sooner or later electric refrigeration will be as popular in the home as electric light. It is just as clean, as convenient, as dependable and as inexpensive.

Especially during warm summer months, when appetites are hard to please, frozen desserts, frozen salads and chilled beverages tempt the lazy palate. Electric refrigeration multiplies the menu to suit a variety of tastes. Frozen dishes make an attractive addition to the table when entertaining.
