

THIS YEAR'S NOISY FOURTH SHOULD BE LAST IS DECISION

Ordinance To Be Made More Stringent, Sale Of Fireworks May Be Banned

Farmington's garrulous Fourth of July has had its effect. The result of the noisy celebration apparently will be a complete restriction on all fireworks possibly including sale as well as the use of explosives.

Members of the City Commission, at their meeting Monday night, appeared generally of the opinion that the loud celebration in the city was a discredit to the community, and that a repetition should be prevented. Mayor W. D. Butterfield recommended a stronger Fourth of July ordinance to be enacted within the near future, and effective before next year's Independence Day.

Members of the Commission expressed the opinion that permission given by proclamation this year for using fireworks on the Fourth had been abused by their use on the third, and second of July, and by violation of the State law regarding size.

Corporation Counsel John J. Schulte advised that the present ordinance was not more strict because at the time it was drawn, stringent provisions were included, but were later taken out because it was feared they would be held unconstitutional in a legal battle then being fought by the City of Detroit. The provisions have since been declared constitutional, Judge Schulte said, and may legally be adopted by Farmington.

Mayor Butterfield designated members of the Commission to prepare the new ordinance, and suggested that extra officers might be employed next year to enforce it, if necessary.

FARMINGTON GIRL WILL BE MARRIED AT PARENTS' HOME

Miss Effie Scates To Be Bride Of Frank Seger On Saturday August 4th

The home of Mr. and Mrs. Edwin Scates at 341 Oakland avenue, west, will be the scene of the wedding on August 4, of their daughter, Miss Effie Scates, to Frank Seger, of Brighton.

Miss Scates is a graduate of Farmington High School class of 1928. Mr. Seger has been employed at the Farmington Enterprise for about a year.

A cousin of the groom will perform the ceremony. Following the wedding, the couple will take a week's motor trip to Canada, after which they will make their home for a time at the Scates residence.

CANDIDATE

Norman C. Orr, first assistant prosecuting attorney of Oakland County, is a candidate for the Republican nomination for prosecutor at the September primary.—Adv.

LEGION POST TO TAKE A PART IN COUNTY AFFAIR

Farmington Men To Participate In County-Wide Celebration Armistice Day

Members of Groves-Walker post, American Legion, of Farmington, are making plans for participation in the big Armistice Day parade to be held in Pontiac on November 11, and to be shared by the entire County. Preparations for the local post's annual Gala Day celebration are also under way.

Junior vice-commander Myron Carrier was appointed delegate to the Oakland County American Legion Council at the meeting held Thursday evening, July 12. The plans of the council include a parade, celebration and banquet on Armistice Day. All communities are to be invited to take part and send floats or other representation. Oakland County has donated \$2,500 toward the event.

At the close of the Gala Day celebration in Farmington, a new Ford roadster will be given away. All members of Groves-Walker post are urged to attend the next meeting on July 26, to aid in furthering the plans for Gala Day.

BURGLARS ENTER GARAGE, MOTORS WORTH \$500 GONE

Three Engines Stolen From Wall-ed Lake Building, Five Others Untouched

Police are seeking to capture burglars who early Thursday morning broke into the Vreeland Service Garage, in the heart of the Walled Lake business section, and carried off three Cadillac outboard motors, valued at \$500, according to a report made to authorities. Five other motors in the same place were untouched. The thieves apparently entered the garage, which is located on Main street, through a back window. They broke a rough door leading into the office of the garage and from there carried away the motors.

Indications are that the thieves used a passenger automobile to make their haul, this inference having been gained from the fact of their leaving five of the eight motors in the garage. The ordinary passenger car would be well-loaded with three of the motors, it is said.

Another theory is that the burglars were disturbed before they completed their work. It is considered certain that they entered the garage after 1 o'clock Thursday morning, as T. B. Bunn, who was at a garage almost across the street until that hour, did not detect anything amiss at the Vreeland Garage. The front door was left ajar and open when the thieves departed. The motors stolen were two master five-speed and one junior five-speed engines. Mr. Vreeland stated that the loss is fully covered by insurance.

PARENTS ANNOUNCE ENGAGEMENT OF WALLED LAKE GIRL

Miss Nita Melvina Shea To Be Married To Frank L. Payne

Mr. and Mrs. William L. Shea of Walled Lake on Friday morning announced the engagement of their daughter, Nita Melvina, to Frank L. Payne.

Miss Shea has been a resident of Walled Lake for the past eleven years. She is a graduate of Walled Lake Consolidated School, in the class of 1924. Mr. Payne is superintendent of the pattern department of the Oakland Motor Car Co.

The couple are to be married early in the fall. Their plans as to residence have not been announced.

250 POUNDS OF HOT DOGS MISSING AFTER 4th—WOW!

Ten Hams, 50 Pounds Of Hamburger And 250 Cases Of Drinks (Soft) Gone

Two hundred and fifty pounds of frankfurters, also known by the lowly name of "hot dogs," ten hams, 50 pounds of hamburger, 250 cases of soft drinks—many will wonder what all that is for. It sounds as if the days of the World War were returning, with their huge vats producing hundreds of gallons of soup and an endless supply of beans every day.

No, it is merely the record of what was ordered by Louis Toletene, proprietor of the Walled Lake Casino Shores dance hall and bathing beach, for the Fourth of July. Mr. Toletene bought heavily, expecting a warm day. The warm day came, and in spite of the huge supplies, and in spite of the fact that the night was exhausted at eight o'clock in the evening—and no more was obtainable anywhere.

Two thousand people passed through the bath-house. From 10 o'clock in the afternoon until 3 there were four lines of people waiting to get into the lockers. Supplies ran out and it was impossible to care for all. Mr. Toletene estimated that fully 2,000 bathers used their cars as dressing rooms near the bath house.

Over 1,200 couples entered and left the dance hall on the afternoon and evening of the Fourth. Mr. Toletene said it was by far the biggest day's business he had ever had at Walled Lake.

COUPLES ARRESTED AS DISORDERLY ON TOWN LINE ROAD

Men And Girls Taken Into Custody At Four A. M. By Deputy Coo

Two parties of revelers considered by police to be disorderly were taken into custody early Friday morning by Deputy Sheriff W. B. Coe and Constable Coe. In one case only men were involved, but in the other, two young women were arrested with a pair of escorts at four o'clock in the morning.

Walter Stevenson, 1411 Montclair street, Detroit, and John Brokenmeyer, 8947 West Warren, Detroit, were arrested on the shore of Walled Lake as disorderly. Police said they were creating a disturbance, at one o'clock a. m.

The Detroit couples discovered on the Town Line road four hours after night turned to morning, were arrested as disorderly by Deputy Sheriff Coe.

MAN PASSES CHECK ON WALLED LAKE MERCHANT; IS SOUGHT BY POLICE

Midsummer has brought its usual horde of strangers to Walled Lake and vicinity. An occasional check-passer molests local merchants, while housewives are besieged by solicitors of every description, most of them for magazine subscriptions. Police aid has been sought in one instance.

Deputy Sheriff W. B. Coe is looking for a young man who passed a forged check for \$22 at the J. R. Brown store. The check was with the name of a Walled Lake man and as the payee was known to have been around the community previously, the check was believed to be alright.

However, it was discovered to have been signed by the payee. The signature is said to bear no resemblance to that of the Walled Lake man by whom it was supposed to have been signed. The check was presented to Howard Brown, son of the proprietor of the store.

Magazine solicitors are again busy, many of them describing themselves as "college students earning money, any way to get it." It often happens these solicitors have apparently genuine documents. However, a deposit is asked and sometimes the magazines fail to arrive.

A solicitor of this kind recently took considerable money from Walled Lake people, but the company was checked by the government in time and the publishers made good on the subscriptions.

FIFTY ATTEND CONROY FAMILY REUNION HELD AT WALLED LAKE PARK

Fifty members of the Conroy family enjoyed a reunion picnic and outing at Deere Park, Walled Lake on Sunday, July 15. Families were present from Walled Lake, Novi, Keego Harbor, Farmington, Northville, Pontiac, Milan and Detroit.

William M. McNulty of Walled Lake narrowly escaped drowning early Monday morning when his roadster ran off the Commerce-Pontiac road east of Commerce, and turned bottom-side up in a canal running into Lower Straits Lake.

SCHOOL AT NOVI IN GRADED CLASS; CULVER NEW HEAD

Three Additional Teachers Engaged For Next Year; Principal Was At Clarenceville

Simultaneous with the opening of the Novi District's new school building in September, the district will offer pupils graded work with instruction for pupils through the tenth grade. Three more teachers have been engaged than were employed last year.

In charge of the new school as principal will be Norman J. Culver, during the past year a teacher at the Clarenceville Schools. Mr. Culver taught English and History and had charge of sixth grade departmental work at Clarenceville, and his record was such that Supt. A. A. Kalder unhesitatingly recommended him for the principalship at Novi.

Mr. Culver holds a degree from Ypsilanti Normal School, and is a talented musician.

The Novi district went into the graded class on July 1, but the change will first become effective with the opening of school the first week in September.

BEWARE MAIL PIRATES

We hear much these days about crime, of holdups, of robberies, of racketeers, of thugs, who prey upon society demanding a toll that annually reaches into millions.

We hear more of this kind of crime because of its availability as newspaper information.

But there is another class of crime which we hear very little, yet according to Postmaster General New the people of this country are robbed of more than a billion dollars a year in mail-fraud schemes alone. How much more is lost through other frauds cannot be estimated.

Promises of large returns, the urge to get-rich-quick, with that bait they lure their victims. And the city of it the hardest blows generally fall upon those least able to bear them—on men past the age of self-support, on women with no business experience, on young people trying to get a start in the world.

There is a definite danger line in investing money and that line is located today at about 6 per cent. This does not mean that everything below 6 per cent is speculative, nor that everything above is speculative, but—Money's Red Flag of warning appears at this level.

Without study and experience the average person cannot know the difference between safe investments and dangerous speculation. There is but one safe course for the person with money to invest to follow. Go to a bank and ask to be directed to the best man to advise you about investment. Every banker will try to protect you against fraudulent investments because general prosperity, which includes yours, helps the bank's prosperity.

L. GILDEMEISTER CHOSEN BANK VICE-PRESIDENT

Leo C. Gildemeister, proprietor of the Farmington Mills, has been elected vice-president of the Peoples State Bank of Farmington, to succeed the late Thomas Lytle, deceased.

Mr. Gildemeister has been a member of the board of directors of the bank for a number of years.

The rising generation ought to patronize aviation schools.

DOGS MUST STILL BE KEPT TIED, IS ORDER

The order for keeping all dogs tied up continues in force in this section, the rabies quarantine throughout Oakland County having recently been extended to September 9. The extension was granted by State officials on request of Oakland County. The rabies situation throughout the State is reported improved.
