PHILLIPS FARMINGTON FOR COMMISSIONER OF CIRCUIT COURT

Pontiac Attorney Announces His Candidacy For One Of Two Offices Open

EARL L. PHILLIPS

Earl L. Phillips, Pontiac attorney, announces his candidacy for one of the two offices of Circuit Court Commissioners for Oakland County, on the Republican ticket. His petitions were filed last Monday.

Mr. Phillips after serving in the United States Army during the World War, established law offices in Pontiac in the year 1919 and has been engaged in private practice since.

Born in Marlette Township, Sanilac County, Michigan in 1891, he attended the rural schools and later entered Marlette High school where he graduated in 1909. He afterward took normal work and taught in the public schools of Lapeer County for two years. In 1912 Mr. Phillips entered the Literary Department of that institution where he graduated in 1916. He then connected himself with the law offices of Miller & Baldwin, attorneys in Detroit, where he continued the practice of law until the outbreak of the war in 1917.

The law office of Mr. Phillips is in the Pontiac Bank building. He is married and lives on Cherokee road. He is a member of Pontiac Lodge No. 21, F. & A. M., Pontiac Lodge No. 810, B. P. O. E., Pontiac Lodge, No. 19, K. of P., Cook-Nelson Post of the American Legion and Central M. E. Church of Pontiac.

Of his candidacy Mr. Phillips says: "The office which I seek, while not as generally known as some county offices, has come to be in Oakland County, at least, one of the most important. The functions of the office are many and because of the almost countless number of land titles in the County, a large volume of legal business is transacted through the Circuit Court Commissioners' offices. I consider my qualifications and experience warrant the confidence and support that the voters of the County may afford me at the Primary Election of September 4th next."—Adv.

POLITENESS TO VISITORS

Just to the extent that we treat our summer visitors with courtesy and respect will we increase their desire to speak well and favorably of us when they have gone away.

Every day during the summer months tourists stop and ask for information. Such information should be given with correctness and a desire to be of real service. Such information will be welcomed and increase their desire to visit us again.

Summer tourists spend annually millions of dollars in Michigan in search of warm weather recreation. Of late years catering to their needs has become one of our largest business institutions. This business will continue to increase if we exhibit a sincere effort to serve them honestly and well. Politeness will pay extra dividends.
