

# Free Sample For Baby's Ills

Something can and must be done for the puny, crying baby, for the child that refuses to eat and is restless in its sleep. And since the basis of all health is the proper working of the digestive organs, look first to the condition of the stomach and bowels.

A child should have two full and free movements of the bowels a day. The constipation of the bowels is very important, as with it comes a clear head, a lightness of sleep, good appetite and sound sleep. But it is equally important to know what to give the child in the emergency of constipation and indigestion. Calomel is too strong and salt and other purgatives are not only too strong, but the child refuses them because of their bad taste. Have you ever tried Dr. Caldwell's Syrup Pepsin? It is a liquid tonic that families have been using for a quarter of a century. It is a mild, pleasant-tasting and promptly effective. It is good for you as well as the child, but there is nothing better to be found for children. They like its taste—you will not have to force them to take it.

First of all, if you have not yet used it, Dr. Caldwell would like to send you a sample bottle free of charge. In this way you can try it before buying. Later, when convinced of its merits, you can get it of your druggist at fifty cents and one at a bottle, and as thousands of other families are doing. The family of Mr. D. W. Spangler of St. Louis, Mo., as well as that of Mr. A. F. Johnson of Walnut Grove, Tenn., started with it last May and now write that it is their one family necessity next to food itself. They are unfortunate enough to have a sickly child, one given to constipation and indigestion. You should send for a free sample of this remedy.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply in detail. For the free sample simply send your name and address on a postal card to Dr. W. H. Caldwell, R. 5000 Caldwell Building, Monticello, Ill.
