The Pilgrims
The Pilgrims had a feast. They invited the Indians to come to

it. Priscilla was the cook. The Pilgrims were thanking God for all their food. Since that time the Pilgrims and Indians were present.

The Outstanding Chevrolet of Chevrolet History

- a Six in the price range of the four!

The Chevrolet Motor Company announces The Outstanding Chevrolet of Chevrolet History... a Six in the price range of the four!

Spectacular as Chevrolet's achievements have been in the past... notable as its engineering triumphs have proved themselves to be—this remarkable new car dwarfs every previous Chevrolet accomplishment. Not only does it introduce into the low-priced field a new measure of performance, comfort, beauty and style—but it is sold at prices so low as to alter every previous conception of motor car value.

The new six-cylinder valve-in-head engine—developed from more than a hundred motors designed especially for this sensational car—stands out as an engineering masterpiece. With a power increase of approximately 32% over the previous Chevrolet motor... with sensationally greater speed and faster acceleration—it offers a type of performance that is literally astounding... even to those who have been accustomed to driving cars costing hundreds of dollars more. And it affords an economy averaging better than 20 miles to the gallon of gasoline!

In appearance, this Outstanding Chevrolet is destined to become an automotive sensation—so smart, so stylish and so distinctively ap-

pointed that it rivals the costliest custom creations. The marvelous new Fisher bodies are longer, lower and roomier with adjustable driver's seat in all closed models—and reveal the matchless artistry of Fisher designers. With their modish new colors, their smart dual mouldings and their distinctive concave pillars, they achieve a degree of original beauty that has seldom been equaled.
