The reason they go farther is: The coffee beans are exactly the same quality as are used in coffees which sell at 10c to 15c more per pound.

Royal Valley Coffees are roasted just right—neither too much nor too little—and blended to perfection—in Peter Smith & Son's own model plant in Detroit.

Then they are packed in air-tight, moisture-proof packages which keep "all the good in" and all the bad "out."

If you would like the very best coffee you can get for your money—a PURER coffee than ever before sold in Farmington at the price

Try some Nero at 25c or Tzar at 35c a pound.

Obituary

The little daughter of Mr. and Mrs. Jay Graham died Wednesday morning, Dec. 21, after a week's illness from pneumonia. The funeral was held from the home Saturday afternoon, Dec. 24, and burial took place in North Farmington cemetery. Mr. and Mrs. Graham have the sympathy of the entire community in their sad bereavement.

A tiny spirit once descended
To dwell upon this mother earth;
Its sojourn here was all depending
Upon the God who gave its birth.
With its little prattle and gentle smile,
It gathered love from every side,
But only tarried a little while,
Then drifted away with the evening tide.

Many sad hearts were left to sigh,
But 'twas only by the God of love
And they will meet her by and by
In that heavenly home above.

Perhaps no class of people meet with so much or so severe criticism as teachers. Much of this criticism is unjust and exists solely because parents and others listen to unverified reports and do nothing to acquaint themselves with the real inner workings of the school room.

The woman who buys her goods at the nearest corner store is just as well off, and just as happy in life, as the friend who goes ripping, tearing and snorting from one bargain counter to another in the department store.

Fifty years ago there was some excuse for bad roads, for our country was poor. Now it is rich there is no excuse. A good road is always to be desired, and is a source of comfort and convenience to every traveler.

Deafness Cannot Be Cured
By applications to the ear, because the deafness is not in the ear. There is only one way to cure deafness, and that is by restoring the hearing power. Deafness is caused by an inflamed condition of the membrane of the Eustachian tube. When this tube is inflamed you have a running sound or noise in the head and when the inflammation has been cured the hearing power is restored. This is the only way to cure deafness. It is not a disease, it is a condition, and it can be cured. It is not a permanent condition, it is a temporary one. It is not a disease, it is a condition, and it can be cured. It is not a permanent condition, it is a temporary one. It is not a disease, it is a condition, and it can be cured. It is not a permanent condition, it is a temporary one.

Good by, old year. After all we are loath to part. Many precious memories as well as many sad things to remember will be forever inked with thee. But time bids us part and however severely this has chastened us, yet we find our hardened feelings relenting and in spirit of charity pervades our being. We forgive as we hope to be forgiven.
