

Free Liver Remedy

It is well to stop a physical ailment at the first signs of its approach, and that is especially true of liver trouble, which can eventually give rise to so many serious complications. Many have liver trouble and imagine it is indigestion, and hence take the wrong remedy.

When the liver does not store up sufficient elastic juices it becomes sluggish, and in this way disturbs the stomach and bowels, with which it is supposed to work in harmony. Then comes the salivary complaint, the slowly failing, the dull pain in the forehead, the thinning of the blood, etc. A very quick and sensible way to stop the trouble as well as to cure it is by the use of Dr. Caldwell's Syrup Pepsin, which contains ingredients especially intended to promote the activity of the liver.

Among the many thousands who have written the doctor about the results achieved with his remedy, and who are glad to make the facts public so that others can help themselves, are Mr. J. Kennedy, St. Louis, Mo.; Mrs. S. J. La Rue of Smith's Grove, Ky., and many others.

These, like thousands of others, started the use of Syrup Pepsin with a sample. If you will send your name and address you can also obtain a free trial bottle. This will prove to you that liver trouble is promptly cured with this remedy. Money will be refunded. Having tried it you can then buy it for the regular way of your druggist at fifty cents and on delivery a bottle, and the latter is sufficient for an entire family.

This remedy is a vast improvement over cathartic tablets and salts, which only do good for the time being. Syrup Pepsin is permanent in its results. It is pleasant to take and does not grip. It is especially good for all thin people who cannot stand a violent purgative. Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address to Dr. J. C. Caldwell, R. 500 Caldwell Building, Monticello, Ill.

A Gun Club's Treasure. Thirteen million cartridge shells, the result of eleven years of shooting by the members of a gun club, have been gathered into a huge pile by one of the leading sporting organizations in England. Eleven years ago one of the members conceived the idea of having the members save all their shells and deposit them on the pile. No shell bank is now the club's most prized possession. If a single man were to shoot one cartridge a second day and night it would take him about twenty five years to discharge 13,000,000. The club maintains a vigilant guard over its precious shell pile.
