Livonia Mayor Opens A Real 'Pandora's Box'

EDITOR:

What's Louie Schmidt got on Harvey Moelke? Now I've heard everything - a "nonpartisan" mayor trying to protect a "do-nothing" State Representative. I'm for Nixon, but I must split my ticket to vote for Stempel for State Representative, Jr. - compare the records of each - that's all it takes!

Shudders To Think Of Future In U.S.

EDITOR:

You told, Stewart Files, who is concerned about our Police, no so needs our backing and support, that you will fight for 's right to disagree with you, 's is good to know and will also fight for the American people's right, to protect our archives from the planned anarchism and outright treason that is being so flagrantly thrown in our faces from day to day?

F.B.I. and Un-American activities files, are overflowing with unmitigated proof that at the foot of all this left wing activity, is a planned and diabolical overthrow of our wonderful American constitutional government.

Most, I hope, are innocent dupes to the Communist plan, but no less dangerous.

We in America, are still enjoying and living off of our fruits and great labors of our forefathers, who envisioned and established our priceless American Constitution, in order to protect our rights and freedom.

How much longer are we going to be worthy of this greatest of all documents ever written, not only for our freedom but the freedom of the whole world - I shudder to think, MRS. HELEN OESTREICH

Moelke Ultimatum Irks A Republican

EDITOR:

I was certainly upset with

our incumbent State Representative when I read the Observer story which told how Mayor Moelke ordered city appointees to stop working in the campaign of his Democratic opponent for the Legislature, Marvin R. Stempel.

I am a Republican who is going to vote for Richard Nixon, but after reading your story and examining the records of Rep. Schmidt and former Rep. Stempel, I am certain Mayor Moelke is wrong and that the City of Livonia and its schools can look forward to much more from Mr. Stempel. I am going to split my ballot for Stempel.

Would Make Task Easier For Voter

EDITOR:

Re the Nov. 5 election. You had an article in your paper recently and I believe it was the city clerk who advised the voter to have his mind made up on how he is going to vote before going to the voting booth.

This, of course, is good advice, as many people, when they close the curtain, are somewhat awed by the sudden exposure and display of the various proposals and different offers for which quite a number of people are running.

Thus, the time spent in trying to come to the various satisfactory conclusions could be quite lengthy which creates long lines of unhappy waiting people. Instead of repetitions of the old complaint - couldn't something a little more constructive be done about it?

For instance would it be possible for you to print a clear facsimile in your newspaper? Many people would then have

seen the layout and be much better prepared when they reach the voting booth.

A Bit Perturbed By Moelke Order

EDITOR:

As a citizen of Livonia, I am very much concerned with the way our "nonpartisan" Mayor is playing party politics. If an appointee of Moelke differs with him on who he honestly feels is more suited and more qualified for the job, why can't he support him? It's a free country.

In this instance, there are many persons in Livonia who feel that our present state representative is doing a very poor job, and they know by Mary Stempel's record, compared to Schmidt's record, (if you wish to call it that) that Mary Stempel is by any measure better qualified. Why shouldn't city employees be able to support, and even work for Mary Stempel. It is not a question of a party, but a question of who will do more for the City of Livonia and its schools.

I, for one, feel that it is a sad day when our mayor dictates to his employees to the extent that they are forced to vote for a person whom they feel is not the right one to represent them, their views and their city. I feel that Marvin R. Stempel is the better man to represent Livonia in

Lansing, and I am going to do everything I can to get him back there again.

Oldster Skeptical Of Livonia Council

EDITOR:

The recent dilemma on the Senior Citizens Low Income Housing Project is a typical example of the indecision, wishy-washy official bungling.

At one special Saturday meeting all the councilmen present were in favor of adopting a resolution to accept the low bid and supplement Federal funds to build the project; this meeting was adjourned until the following Monday. Another special meeting was called on the same problem and I believe

action was tabled. Then on Tuesday, Oct. 8, there was another meeting and the majority of council voted against adopting the resolution and finally at another meeting

on Oct. 9, the majority of the councilmen were in favor of proceeding with the construction of the project.

If it takes four official meetings, plus numerous informal

discussions, to come to a final decision after all the councilmen were in favor of adopting a resolution of cooperation agreement, I say our officials do not know their own minds

and cannot be depended upon to assume the city's responsibilities.
