

Columnist changes channels, tunes into state project

LARK SAMOUELIAN

CABLE CONNECTION

I write this column today with great joy yet sadness in my heart, for I must say goodbye to my faithful readers. I have taken on a new venture which leads me to Lansing. My job there will be to develop a channel akin to C-Span yet on the state level. My title is project manager for Michigan Government Television Network. I look forward to the challenge and excitement a position such as this shall bring. I also look forward to disseminating information to you on a new and different level.

SWOCC's community outreach coordinator, Mary Linda Calderone, will continue in my footsteps to share with you the latest news from Channel 12. Her name, I'm sure is a familiar one to many of you. She helps residents who first become involved with community television whether it be giving information on the grant process, set design, publicity and

advertising for their TV shows or help with finding crew or talent. So take a moment and mail a note to Mary or fax it to her at 473-5610. Let her know what your latest TV shows are all about.
