Your risk of diabetes, without the sugar coating.

An estimated 200,000 Michigan residents don't know they have diabetes.

Diabetes affects people of all ages, nationalities and income levels. In Michigan, over a quarter of a million residents have been diagnosed with this disease.

Diabetics are at increased risk of eye and kidney disease as well as cardiovascular problems. But serious side effects can often be prevented.

Education and a healthy lifestyle are essential to good self-management of diabetes. Health Development Network at Botsford Center for Health Improvement offers a variety of educational programs and a diabetes support group for individuals and families.

Call Botsford Center for Health Improvement at (313) 477-6100 today, for information on classes, individual consultation, or support groups. If you would like a physician referral, please call Health Match at 442-7900.

More calls than metros

Robert Mira sold his truck with an Observer & Eccentric ad. "I received many more calls than either Detroit newspaper," he told us.

You will, too, when you

RECYCLING
YOU'RE THROWING
IT ALL AWAY.**

A little reminder from the Environmental Defense Fund that if you're not recycling, you're throwing away a lot more than just your trash.

You and your community can recycle. Write the Environmental Defense Fund at: EDF-Recycling, 257 Park Avenue South, New York, NY 10010, for a free brochure that will tell you virtually everything you need to know about recycling.
