VILLAGE OF FARMINGTON, County of Oakland, The village of Farmington ordains:  
Section 1. Permission is hereby granted to the Eastern Michigan Edison company, a New York corporation, its successors and assigns, to construct, maintain and operate in the public streets, highways, alleys and other public places in the Village of Farmington, Oakland county, Michigan, all needed and proper poles, mains, wires, pipes, conduits, and other apparatus requisite for the transmission and distribution of electricity for public and private use, subject, however, to all conditions and restrictions hereinafter contained.  
Sec. 2. The conditions of the foregoing grant are as follows:  
a. The grantee shall do no injury to any street, highway, alley or other public place, or to any shade trees, or in any manner disturb or interfere with any water or gas pipes, or with any public or private sewer line or hereafter laid or constructed by any authorized person or corporation.  
b. The street commissioner may in his discretion grant permission for the trimming of trees when necessary to make the lines safe and accessible, such trimming to be done under his supervision.

The construction work of the said lines shall be under the supervision of the Street Commissioner, and the grantee shall pay to the Village upon presentation of an itemized bill, the cost of such supervision at the legal rate of charge for the same.

d. The said grantee before entering upon any street, highway, alley or other public place for the purpose of erecting or constructing any poles, mains, wires, pipes, conduits or other apparatus, shall in writing notify the Street Commissioner of the proposed construction and obtain his approval thereof, and shall, if the Commissioner so requires, file with him a sufficient plan and specification showing the nature and extent of the proposed erection or construction. The cost of inspection shall be held to be part of the cost of supervision.

e. No street, highway, alley or public place shall be allowed to remain open or encumbered by the construction work of said grantee for a longer period than shall be necessary to execute the said work, and the Street Commissioner shall determine the question of such necessity, and the grantee shall at all times conform to all ordinances of the Village now or hereafter in force relative to the fencing and lighting of obstructions or excavations.

f. The grantee shall save the Village harmless from any judgment that may be recovered against the Village by reason of the wrong doing or negligence of the said grantee in the erection and maintenance of said poles, mains, wires and other apparatus or construction.

g. Said grantee shall make due provision upon forty-eight hours' notice in writing, for raising its wires or otherwise, for the passage of any barn, building or other structure on or over any street, highway or public place occupied by the mains, wires, poles and apparatus of said grantee.

Sec. 3. The rates charged by the grantee herein, its successors and assigns, shall not at any time be greater than the current rates charged by the Edison Illuminating Co., its successors and assigns, in the City of Detroit, Michigan, for similar service.

Sec. 4. This grant shall take effect if said grantee shall within fifteen days from the date of passage of this ordinance, file with the Village Clerk its written acceptance of the terms of the same, and upon the confirmation of this grant by the affirmative vote of three-fifths of the electors of this Village, voting thereon at the next regular election to be held March 13, 1911, as provided for by the statutes and State Constitution.

If not confirmed by the electors voting at said election, this ordinance shall be null and void.  
Sec. 5. This Franchise and Ordinance shall be and remain in force for thirty (30) years from and after the date of its confirmation by the electors of the Village of Farmington, Oakland County, Michigan.

Sec. 6. Nothing in this grant shall be construed to alienate the title of the public in and to any street, highway, alley or public place or any portion thereof, neither shall anything herein be construed in any manner as a surrender of the Village of Farmington, of its legislative power with respect to the subject matter hereof, or with respect to any other matter whatsoever, nor as in any manner limiting the right of the said Village or Farmington to regulate the use of any street, avenue, highway or public place within its jurisdiction.  
Dated this 24th day of February, A. D. 1911.

My millinery store will close Saturday, Feb. 18, and anyone wishing work done will please bring in some next week. Will open again March 13.
