Holly exemplifies the romance of 19th century Americana. Fifty-three structures have been listed on the National Register of Historic Places. Downtown, which encompasses Historic Battle Alley, draws tourists and shoppers from across the United States and Canada.

Annual programs have been initiated between Holly and its sister city, Leamington, Ontario, Canada — a true picture of "Peace through People."

Huntington Woods is an attractive residential community of medium to large size single family homes. Its present population, 6,419 cannot appreciably change, as only a handful of vacant lots remain within city limits.

This suburban community of approximately 1 1/2 square miles maintains an almost "rural" atmosphere created by the abundance of trees throughout the city. Equally important is the sense of community spirit and shared pride that sustains this community as it seeks to maintain an excellent quality of life.
