INTRODUCING

The New Life Center at Providence Park

Where families are born...close to home

A COMFORTABLE ATMOSPHERE

Imagine giving birth in a comfortable, home-like atmosphere where you make many of the decisions about your birth experience. And then, think about being able to go home within 24 hours after your baby is born. Well, the New Life Center at Providence Park in Novi offers all that, and it's just minutes from home.

A UNIQUE APPROACH

It's a new beginning. A new way of thinking. And an alternative to traditional hospital births*. The New Life Center at Providence Park was born from the success of the New Life Center at Providence Hospital, where for generations, thousands of women have had wonderful, nurturing, family-centered birth experiences.

THE CHOICES ARE MANY

From the moment you choose to have your baby with us, many decisions are yours. You may choose to go natural or to have an epidural. You may also prefer to share the event with your loved ones. But the best part is giving birth in a relaxed, home-like atmosphere and having your baby by your side. What's more, a nurse will come to your home for private, follow-up visits. Because that's the kind of extra care, attention and education people expect from Providence.

COME SEE FOR YOURSELF Visit our Open House on Sunday, May 1. Our staff will be available to answer questions from 1:00 to 4:00 pm. Plus, there are free gifts waiting for you. Or, if you have questions now, give us a call.
