**Royal Valley Coffees**

When you drink ROYAL VALLEY NERO, MARI-GOLD or TZAR you drink a coffee that has LIFE to it—appetizing aroma, richer flavor, more satisfying "body."

And they don't cost as much as other coffees, because you don't need to use so much of them, per cup—your coffee will be too strong if you do.

A greater amount of the natural coffee-oil (due to mechanical accurate roasting) makes the RICHER FLAVOR. The better grades of coffee in the first place, combined with that accurate roasting, makes the stronger, MORE SATISFYING "BODY." And because of that stronger "body," Royal Valley Coffee LAST LONGER.

ROYAL VALLEY NERO at 25c, or MARI-GOLD at 30c, or TZAR at 35c, per pound are the most economical coffees you use—and the BEST. Ask for them.

Get a pound of one of them the very next time you are anywhere near this store.

It will be the best 25c, 30c or 35c investment you ever made.

The happiest man in our town and for miles around is your humble and hard-working editor. No it is not an increase in our family, nor a visit from our mother in law, but a man who was two-years in arrears on his subscription, came into our office yesterday and paid that and one year in advance. We could shout for joy.

There was a good attendance at the meeting of the Ladies' Union held at the home of Mrs. C. J. Sprague when the following excellent program was given: Reading, Mrs. Laverna Adams; music, Miss Mary Kennedy; reading, Mrs. Bertha Steele; music, Miss Pleeta Chilson; music, Miss Lavilla Adams.

The Warner Cheese Co. are improving their milk depot here by putting in a much larger boiler. They expect to have a fine plant when all changes are completed. The low price on cheese is apt to increase amount of milk the plant will receive here this summer as arrangements are being made to haul by two routes most of the milk formerly was delivered to the Springbrook factory. This will pay the farmers much better.

It has been said that our press is difficult of making ends meet is not so much the high cost of living as the cost of high living. There is some truth in that, but it is not complete or satisfactory. For the last ten years the problem of existence has become more and more difficult. These is enough for all to live in comfort, but somehow the distribution has been unequal and unfair. Somebody has the advantage and the meanness to squeeze us hard, and we are squeezed until we sweat.

**Ladies' Literary Club**

The Ladies' Literary club met the home of Mrs. Ernestine Pierce Feb. 8. Domestic Science was the subject for the afternoon. The meeting was called to order by the president. Nineteen members responded to roll call by naming some labor-saving device. The secretary's report was read and accepted. The meeting was then turned over to the chairman of the meeting, Mrs. Pierce.

A paper on "Pure food laws" was read by Mrs. Agnes Chamberlain; Mrs. Alice Gullen read a very interesting paper on "Why Domestic Science should be taught in the school;" "What Edison Says" was read by Mrs. Anna Cook. Several musical selections were given by Mrs. Minnie Wilber, Mrs. Edna Dohany and Mrs. Ernestine Pierce. Japan will be studied by the Club next year. Coffee, sandwiches and doughnuts were served by the hostess. The meeting adjourned to meet with Mrs. Irish Feb. 22. Each member responded with an anecdote from George Washington in answer to roll call. GRACE MILLER, Sec.

**Parcels Post Shelved**

The following special Washington dispatch in a recent issue of the Chicago Tribune will be of interest to every newspaper publisher:

"There will be no parcels post law enacted by this congress, which expires on March 4 next. Although President Taft urged the establishment of a mail package carrying system on rural free delivery routes, and although the republican leaders in congress profess to favor the president's recommendation, the proposition has shelved."
