

HOROSCOPE

By C. C. Clark

Aries (March 21 - April 20)

You are most likely headed down the wrong path, and someone is desperately trying to tell you so. A careless attitude could cause great damage.

Taurus (April 21 - May 20)

It is time to look forward and plan for the future. You have certain goals that you want to attain, and you are going to have to do some work to get there.

Gemini (May 21 - June 20)

You have been misjudged in a situation, and things will turn around for you. The world isn't always fair, but you can do your part.

Cancer (June 21 - July 20)

You may be obsessing about something without realizing it. Is it all that important? Stop and think about what you are doing.

Leo (July 21 - Aug. 21)

You may be wearing blinders where a certain situation is concerned. It will be much easier to make a decision once you see things more clearly.

Virgo (Aug. 22 - Sept. 22)

A new opportunity at work will arise and it will be just in time. You need to talk with someone who's about a tough situation.

Libra (Sept. 23 - Oct. 22)

You should not overdo it. Make some necessary cutbacks in your diet and lifestyle in general. Simplify life as much as possible.

Scorpio (Oct. 23 - Nov. 22)

Being greedy with love and possessions could get you in serious trouble. Share your love. Material possessions are only things.

Sagittarius (Nov. 23 - Dec. 20)

A love relationship could take a serious turn and you may not be ready. A friend could help you through a difficult and upsetting time.

Capricorn (Dec. 21 - Jan. 19)

There is a need to balance the scales a little. Too much of one thing and not enough of another have made you irritable.

Aquarius (Jan. 20 - Feb. 18)

If you are carrying around a chip on your shoulder, you can bet someone wants to knock it off. Let go of the past and learn to live in the present.

Pisces (Feb. 19 - March 20)

Use your head and narrow down the choices when making important decisions. You may need to discuss problems with a loved one.
