

Boot your PC onto our Information Superhighway.

If you can talk RAM, modems, database, and downloading with the best of them, you're ready for *OnLine!*, the best BBS* deal in town.

But first, before you read further, you'll need a PC and a modem.

Got 'em. Good.

Now, about *OnLine!*—it's loaded with cool stuff. It lets you access Internet E-Mail (that's the global one with more than four million people all over the world), get updated stock quotes, and the West Coast Movie Review Guide.

Newspapers are another super feature—from the one you're reading right now to USA Today and the Associated Press. In fact, *OnLine!* lets you *interact with us*. Let's say you pull up the electronic version of this paper. You read an editorial. You have an opinion. A few keystrokes and mouse clicks and you've let us know where you stand on the local issues we write about. And we'll write back.

Or maybe you want to tell Rush Limbaugh what you think. There are hundreds of discussion areas to choose from, and his is just another one of them.

How about games? Or an indexed PC catalog? Or, get this, the Metropolitan Film Guide that lets you check on cult films, second-run features, children's films, educational and travel features, silent classics and first-run movies.

OnLine! subscribers get all of this and more.

You're probably thinking that *OnLine!* is going to cost the price of a PC, right? Wrong. What if we told you that you could cruise our info superhighway with access to internet E-Mail and newsgroups four hours a day for just \$4.95 a month? That's only \$59.40 a year. We've also put together a couple of smaller packages: six months/2 hours a day/\$35.70 and three months/2 hours a day/\$20.85.

If you're ready to order *OnLine!* and since you're used to electronic communication, we've set up a voice mail deal. Assuming you have a touch tone phone, just decide which package you want, have your Visa or Mastercard card handy and be ready to tell us your diskette format—3.5 or 5.25—then call
