Hills man wins achievement award

The U.S. International Film and Video Festival has announced that William H. Smith, chairman of Allied Film and Video and a Farmington Hills resident, was presented the "Lifetime Achievement Award" on June 2 at the Chicago Marriott Hotel.

Smith is only the fourth recipient of this honor worth \$10,000 since the award was founded in 1990. The festival is one of the world's leading international events devoted exclusively to the yearly selection and recognition of outstanding sponsored, business-television, and industrial film and videotape productions.

Smith founded Allied Film Laboratory in Detroit in 1960 and in the ensuing 34 years has guided the organization to its present position of eminence as a leading professional video post-produc-

tion service, and videocassette and film duplication service.

The company is particularly noted for its systems development, advanced technological designs and applications, and attention to sound business solutions. Facilities are located coast-to-coast in Detroit, Chicago, San Francisco, Dallas, Houston, Orlando; Washington, D.C.; Clinton, Tenn.; and North Bergen, N.J.

Smith is a 1949 graduate of the University of Colorado, where he earned a bachelor's degree in business. In 1972, he was named a fellow of the Society of Motion Picture and Television Engineers (SMPTe), and in 1985, he received that organization's Presidential Proclamation in recognition of his contributions to the audio/visual industry.

Smith has also served three

times as the president of the Association of Cinema and Video Laboratories, the international organization serving professional film and video laboratories throughout the world.

Additionally, Smith has served on the board of directors of the Detroit Producers Association, and on the board of governors of SMPTe, and he chaired the Committee on Education, Industrial and Consumer Technology of SMPTe.

In 1988 he was named a fellow of the British Kinematographic Sound and Television Society and in 1990 he was honored by the Vision Fund of America for his achievement and contributions to the media industry.

The U.S. International Film and Video Festival, under the auspices of The United States

William H. Smith

Festivals Association, is governed by a board of advisers who are leaders in the industry. It is a self-sustaining organization funded solely by entry fees and requires no dues or subscription fees and receives no government grants.

choices. To ask questions. To learn. To be in control. More real choices

To control your position during labor. You're in charge of the electronic controls on our state-of-the-art birthing beds. So you can select the position that's most comfortable for you. Or, you can sit in your rocker and admire the view from your birthing room window.

To control when family and friends are with you. During and after the birth. On your schedule, not ours.

To control when your baby is with you. Twenty-four

hours a day is fine. Less often if you wish. We bring services to you, so your baby only goes to the nursery when you decide.

To control what you need to learn. Our nurses can teach you everything from giving

your baby a bath to understanding your baby's special ways of communicating. We'll ask what's tops on your list.

It's your baby

At St. Mary Hospital, we understand that it's your baby. So if control is important to you, give us a call. We're here to help you.
