Local top mom is recognized by magazine

Moylan is one of 15 winners selected by the magazine from throughout the country.

The types of proposed projects include construction of new roads, widening of existing roads, resurfacing and repair of roads and bridges, large bus and equipment purchases by transit agencies and operating assistance for transit agencies. The TIP document identifies the location of each project, estimated cost, the source of funds and the agency or community which has jurisdiction over the project.

Written comments concerning the projects should be submitted no later than July 18, 1994 to John M. Amberger, Executive Director of SEMCOG, at 660 Plaza Drive, Suite 1900, Detroit, MI, 48226.
