## Communication Is The Key To Any Good Relationship.

## Especially This One . . .

Your relationship with your obstetrician/gynecologist is one of the most important ones you'll ever have. Good communication with your doctor is the key to maintaining your good health throughout your life - especially during pregnancy and the birth of your baby.

You want a doctor sensitive to your beliefs, yet professional enough to make medical decisions quickly and responsibly. At Meadowbrook Obstetrics and Gynecology, Dr. Steven J. Friedman believes in giving careful consideration to your needs and desires while doing everything possible to ensure quality health care and if you're pregnant, a smooth, safe delivery.

He encourages discussion of any prenatal and birthing concerns ranging from cravings and varicose veins to amniocentesis and epidurals. He pays close attention not only to your body and the baby growing inside, but also to your thoughts, feelings and questions too.

In addition to obstetrical care, Dr. Friedman provides a full array of women's health care services including gynecological examinations, PAP smears, laser and laparoscopic surgeries and pain or infertility evaluations.

Why not get an important relationship in your life - the one with your obstetrician/gynecologist - off to a great start? Select a doctor who cares about communicating with you.

**FOR A \$20 COMPLETE FEMALE EXAMINATION INCLUDING  
PAP SMEAR, BREAST EXAM AND PHYSICAL,
