GOD ENABLED US TO EXPLORE THE WONDERS OF SPACE

There was a time when the idea of soaring into outer space, landing on the moon and visiting the planets was dismissed as just comic book stuff. However, beginning 25 years ago, it all became a reality. We have not only landed on the moon many times, we have revealed the hidden other side of it.

We have photographed the planets in such detail that it seems we can touch them; even the cloud-shrouded, Venus. We radio instructions to our unmanned spacecraft.

None of this would have been possible if God had not endowed us with the intelligence and courage that have made our space program, despite a few tragedies and setbacks, such a marvelous success. Let us thank Him for all that He has done for us.

What would life be if we had no courage to attempt anything?
— Vincent Van Gogh

The church values only the Bible as its rule in faith and practice. We believe God created the world and the human race in His image and likeness. We believe in the Trinity: God the Father, God the Son, and God the Holy Spirit. We believe in the resurrection of the dead and the life to come. We believe in the love of God for all men and women.
