## First-time buyers like the choices

Buyers have a lot of choices at Parkview Estates in Canton. They can select a model with the laundry on the main floor, up-

per level or basement.

They can choose a colonial that has cathedral ceilings in the master suite and family room or a model with ceilings of more traditional height.

They can buy a model that offers a working island and microwave as standard fare in the kitchen or one that offers a combination kitchen/eating nook without an island and provides the microwave as an option.

Some models offer wood casings around vinyl windows; some don't. Upgrades available in all four floor plans - three colonials and a ranch - include air conditioning.
