

WARM WELCOME: Greet your holiday visitors with a *formetta motif* door mat from Rug Market made of 100% *coir* (18" x 30"; \$20). At Jacobson's, Birmingham.

LIGHTEN UP: This circular display piece creates the illusion of ever-changing lightening with its three glass plates (\$995). When the plate is touched, the fingers act as a sensor — the lightening is then centered around the hand. At The Nature Company, the Somerset Collection, Troy.

The Original Orvis Dog Bed

Once your dog tries this wonderfully soft bed he won't sleep anywhere else. The Poly-Cotton twill cover, strong and durable, zips off for easy washing. Inside is a second layer of sturdy fabric to contain bed material - non-compressible expanded polystyrene beads that retain animal body heat, but are INERT so they won't take on animal odors. Made in USA.

Available in 8 patterns and 5 sizes.

You will find the **ORVIS DOG NEST™** along with many other fine items from **ORVIS** at the
