MENTAL ATTITUDE A FIGURE

a General Thing Steady and Con-sistent Effort Will Accomplish More Than Hurry and Rush at Spasmodic In-tervals.

Often one hears the remark that some persons working slowly and stendily accomplish more than others working fast and furiously. Perhaps the human steam engines to whom hurry is second nature may give you the marvels even when the tasks in question are long strings of

difficulties, but in the main offici-workers going at the average gait are always in danger of muddling when the pressure is doubled and the work
