

LAXATIVE SENT FREE TO TRY

It may be taken for granted that there is no family that does not sometimes need a laxative. If you don't know if a good laxative, or if the laxative you are using is losing its effect, we want to call your attention to Dr. Caldwell's Syrup Pepsin, which thousands of families are using successfully.

We have scores of letters from mothers, and scores from prominent men saying they are using it personally and giving it to their families, men like Mr. C. K. Smith of the Traffic Clearing House, Fine Bluff, Ark., and Mr. George B. Turner, a lawyer of Harlan, Ky. The thousands of mothers who use it themselves take give it to their children would take too much space to mention.

Those who prefer Syrup Pepsin is that it is a mild, gentle laxative.

It is tonic that does not gripes—effective and yet so mild that babies can take it. Its tonic ingredients invigorate the bowels and strengthen the stomach and bowel muscles so that they again do their work naturally. If you have been a victim of salivitis and strong cathartics you will discard them when you once use Syrup Pepsin.

You can buy a fifty-cent or one dollar bottle of any drugist, but be sure you are doing so you may want to try it free. If so, send your address to Dr. Caldwell and he will promptly forward a free sample bottle. Then being convinced, do as others are doing and buy it in the regular way of your favorite druggist.

For the free sample address Dr. W. B. Caldwell, 402 Caldwell building, Monticello, Ill.
