Where families are born... close to home
A COMFORTABLE ATMOSPHERE
Imagine giving birth in a comfortable, home-like atmosphere where you make many of the decisions about your birth experience. And then, think about being able to go home within 24 hours after your baby is born. Well, the New Life Center at Providence Park in Novi offers all that, and it's just minutes from home.
A UNIQUE APPROACH
From the moment you choose to have your baby with us*, you can feel comfortable knowing you'll receive personal attention from caring nurses, unrestricted visiting hours, prenatal classes, a neonatologist present at your baby's birth, and private visits to your home after baby's birth by a nurse and choreworker. What's more, you will enjoy a comfortable home-like atmosphere where your birth partner can stay overnight. The New Life Center at Providence Park was born from the success of the New Life Center at Providence Hospital, where for generations, thousands of women have had wonderful, nurturing, family-centered birth experiences.
COME SEE FOR YOURSELF
But don't take our word for it. Take it from the women who have already enjoyed a Providence Park New Life Center experience. Here are just some of the things they have to say:
- "We had no idea what to expect, but delivering here was the best experience of our lives. The personal attention we received made this a very positive experience."
- "My experience couldn't have been better. The staff was fabulous! They were so helpful, friendly and comforting. I really felt that they made my experience the best it could be. The room was beautiful, clean and comfortable. Everything was wonderful!"
- "Absolutely wonderful! I was so pleased I would rate it right off the charts!"
Call 1-800-806-BABY for an appointment to see what the New Life Center at Providence Park has to offer expectant families.
*Only pregnant women who have been pre-screened and assessed as low risk by a Providence physician are eligible to deliver at the Providence Park New Life Center.
