"At Botsford Commons,  
I own my home and  
and have access to  
health care services."

**A**lthough a lot of my friends live down south, I wanted to be here, close to my family. One day, my son told me about the independent life-style at Botsford Commons in Farmington Hills. When he showed me the new homes in the beautiful, wooded setting, I had no problem deciding.

Because I grew up in a small town, the private, full-service community atmosphere really appealed to me. Everyone is so nice here—my neighbor can't wait until the coffee shop opens.

Being able to own my home, without paying an entrance fee, was very attractive to me. All of the condominiums and apartments are designed with special features, such as an emergency call service, for continued independence. At Botsford Commons, my lawn maintenance and snow removal are taken care of. And I can choose to purchase additional amenities, including health care services, when needed.

I don't think I could have found a nicer place. My grandchildren love to visit too.
