# Cooley from page 19A

"It was a great city, Detroit. We all grew up there and we're still kicking."

Peterson talks of the connections so many people have to Cooley. Being one of the newer school buildings in the area, in those days, other schools like Redford and McKenzie used the facilities for graduation ceremonies and sporting events.

"We had great times together as kids in the city," he said.

Lennox remembers fondly the snake dances that would wind their way through the city streets and through the trolley cars all over the neighborhoods.

"We would get to the end of the line and then have to find rides home because we had gotten further away than we thought," he recalled.

The memorial picnic will begin at noon Aug. 9 at Rotary Park on Six Mile Road in Livonia. Entertainment will include The Renaissance Choir with Don Bohnmeyer directing, a barbershop quartet, and the Livonia Stevenson High School Jazz Band, led by David Booker.

For more information about the Cooley High School reunion, call Jack Lennox at (313) 622-0752.

# *Group targets need for immunization*

Current estimates suggest that fewer than 50 percent of Michigan's 2-year-olds are adequately immunized.

In response to this, The Hopkins Group has worked with the Michigan Department of Public Health, Botsford General Hospital and an alliance of health care professionals in the state to form AIM, Alliance for Immunization in Michigan.

The Hopkins Group, an integrated marketing and advertising company in Farmington Hills, created and produced a program and immunization kit for AIM.

The kit is being distributed to hospitals and doctors' offices throughout Michigan. It contains the information and promotional materials needed for hospitals to begin to offer immunizations and for physicians to have the latest information.

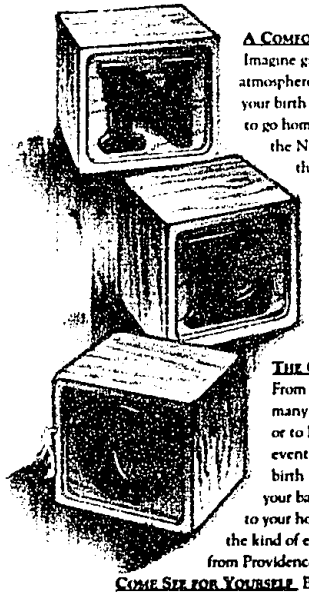
INTRODUCING
The New Life Center at Providence Park
Where families are born...close to home



A Comfortable Atmosphere
Imagine giving birth in a comfortable, home-like atmosphere where you make many of the decisions about your birth experience. And then, think about being able to go home within 24 hours after your baby is born. Well, the New Life Center at Providence Park in Novi offers all that, and it's just minutes from home.

A Unique Approach
It's a new beginning. A new way of thinking. And an alternative to traditional hospital births*. The New Life Center at Providence Park was born from the success of the New Life Center at Providence Hospital, where for generations, thousands of women have had wonderful, nurturing, family-centered birth experiences.

The Choices are Many
From the moment you choose to have your baby with us, many decisions are yours. You may choose to go natural or to have an epidural. You may also prefer to share the event with your loved ones. But the best part is giving birth in a relaxed, home-like atmosphere and having your baby by your side. What's more, a nurse will come to your home for private, follow-up visits. Because that's the kind of extra care, attention and education people expect from Providence.

Come See for Yourself But don't take our word for it. Call 1-800-806-BABY for an appointment to see what the New Life Center at Providence Park has to offer expectant families.

*Only pregnant women who have been pre-screened and assessed as low risk by a Providence physician are eligible to deliver at the Providence Park New Life Center.
