If this is Thursday . . .

This must be Farmington: Scott Boatright of Detroit and his fiancée, Sandy Zucher of West Bloomfield, meet every Thursday for lunch in Farmington, sometimes at the fountain (above) in the Downtown Center parking lot.

“It was reassuring when a Botsford nurse visited us at our home.”

Since Anthony is my first child, I didn't know what to expect. But the doctors and nurses at Botsford were very supportive during my pregnancy, delivery and after our baby was born.

At the Special Delivery Center, my husband was able to stay with me from the time we came in the special, separate entrance and throughout my stay. My Labor/Delivery/Recovery room was spacious yet comfortable and private.

The nurses showed us how to care for our new baby and offered bathing and breast-feeding guidance. We also received an informative manual and a phone number for a 24 hour hotline.

Two days after we were home, a Botsford obstetrics nurse visited us. She made sure that Anthony was in good health, completed an assessment on Anthony and me and answered all my questions.

My mother lives in Florida and couldn't be here — so I appreciated everyone at Botsford making us feel right at home.
