For weekend travelers concerned about finding a safe place to park their recreational vehicle when they return home, the impressive Arie will put an end to those worries. A full-sized R.V. storage unit has been designed to fit alongside the garage of this 2,171-square-foot charmer. When you return from a trip, whether it lasts a few days or a few weeks,

you'll be happy to have this beautiful house waiting. A wrap-around porch, with waist high railing adds a homey touch to the exterior design. If the weather turns chilly, warm up by spending some time in the spa that's located in the glass-enclosed green room. The interior motif will also lift your spirits. There is plenty of room here for entertaining friends in comfortable surroundings. Near the recessed entry, the vaulted living room serves as a cozy retreat. Warmed by a wood stove, this is the perfect spot for rejoicing in good conversation or savoring the view through the huge bay window. Mealtimes are to be appreciated in the Arie. The formal dining room boasts French doors that open to the porch, allowing a cool breeze to grace your dinner table. For more informal eating, a breakfast nook and eating bar are on either side of the walk-through kitchen. In addition to all the built-in appliances, there is a roomy walk-in pantry. The isolated master suite fea-

tures personal access to both the greenroom/spa and a back deck that runs the length of the building. Other master suite amenities include a walk-in closet and private bathroom. The second bedroom, which is also isolated for privacy, will function well as quarters for overnight guests or an elderly parent that is part of the household. A full bathroom is close by. Separating the two bedrooms, the large family room is the main gathering point in the Arie. Lot's of space here to set up a pool table, or a couple of couches and a big screen television. When the sun is shining, put the barbecue out on the back deck.
