

[illegible]

There's no travel guide more helpful than the Land Rover Discovery.

It's a 3.9 liter V8 engine, dual airbags, all-terrain ABS, and a 14-gauge steel chassis. Plus a short lease term of just 30 months and we even include a more than generous 15,000 miles each year.

Not to mention an exceptional price

\$498* a month, 30 months, \$1,950 down payment
--

of only \$498* a month. All of which makes it incredibly easy to coast through the swampy mud trenches of Belize.

And if you choose to finance a Discovery we offer a special rate.

Of course, these prices won't last forever, so why not come in today and test drive the Discovery?

No one offers a better travel package.
