There's no travel guide more helpful than the Land Rover Discovery.

It provides all you need to get to be a 3.0-liter V6 engine, dual airbags, all-terrain ABS, and a 14-gallon steel charcoal canister.

Plus a short lease term of just 30 months and we even include a more than generous 15,000 miles each year.

Not to mention an exceptional price.

\$495* a month. 30 months.
\$1,950 down payment

And if you choose to finance a Discovery, through the swampy mud trenches of Belue. Or if you choose to finance a Discovery. Of course, these prices won't last forever, so why not come in today and test drive the Discovery?

No time offers a better travel package.
