We like to get to know our patients
on a first-name basis.
Even before they have a first name.

Being a smaller hospital definitely has its advantages. It allows us to spend more time with you, from the moment you discover you're pregnant to the day you and your new baby leave for home.

However, in many respects, small is the last thing you'd call us. Because as part of The Detroit Medical Center, affiliated with Wayne State University, we offer the experience not only of our own obstetricians, but of many

other noted specialists—including those who've pioneered the field of high-risk pregnancy.

From our educational programs to our Complete Care Nursery with a full-time neonatologist, our goal is to make your pregnancy as trouble-free as possible.

Which means the only thing you need to concentrate on is choosing the perfect name.

To meet with a Huron Valley physician, call (810) 360-3450. You'll see how easy it is to get the right care, right here.
