Figure 1 is a line graph showing the percentage of total protein in the supernatant fraction versus the percentage of total protein in the pellet fraction for various proteins. The x-axis is labeled "Percentage of total protein in the pellet fraction" and ranges from 0 to 100. The y-axis is labeled "Percentage of total protein in the supernatant fraction" and ranges from 0 to 100. A diagonal line represents the 1:1 ratio. Data points are plotted for various proteins, with some labeled with numbers 1 through 10. Proteins 1 and 2 are in the supernatant, while proteins 3 through 10 are in the pellet.
