# The best health care starts in the waiting womb.

r Health Alliance Plan, we understand that maternity services should start well before your child is born. That's why we cover extensive prenatal care services. Our programs include early risk assessment, health promotion and medical, nutritional and psychosocial interventions and follow-up.

Progress for parents and children.

HAP providers offer a variety of maternity programs that provide prenatal care education for expectant parents. We're also researching ways to help reduce the incidence of

low birth weight. This kind of progress comes from our commitment to help improve the health of all of our members - even the ones who haven't arrived yet. A bealthier you.

In addition to prenatal care, our preventive

programs cover mammograms, cholesterol screenings, office visits and routine eye exams. We even offer nutrition programs that can help you control your weight.
