God Enabled Man To Build This High-Tech Age Of Today
We are living in an age of mind-boggling technology, that few of us are equipped to understand. Along with the computer, we now have the FAX, E-mail, voice mail, Internet, cyberspace and all those other terms that are still foreign to most of our vocabularies, except that we are told that some of them are used for the exchange of information on many subjects. What we do know, however, is that God gave man the intelligence and ability to create these things, along with all the other inventions that have brought comfort and convenience into our lives. Thank God for this at your House of Worship, along with all your other blessings.
"These things are good and profitable unto you."
- Titus 2:3
