We like to see people feeling that way about the store."

Dr. Colton - experienced cosmetic facial surgeon

The days of wealthy women serving as the mainstay of a plastic surgeon's practice are gone. In their place is a healthier attitude about the rewards plastic surgery can bring to almost anyone who wants or needs it.

Jeffrey Colton, MD, has seen firsthand the changes plastic surgery can bring about. He's performed successful facial surgeries on thousands of people during his 15 years of practice as a facial plastic surgeon. Dr. Colton earned his Doctor of Medicine degree from the University of Michigan in 1974. He completed his residency in head and neck surgery also at U of M and a fellowship in facial cosmetic surgery at the Academy of Facial Plastic and Reconstructive Surgery.

A board certified facial plastic and reconstructive surgeon, he specializes in cosmetic surgery of the face. While his practice is located at 31350 Telegraph in Bingham Farms, Dr. Colton also works at Henry Ford Medical Center and Sinai Surgery Center in West Bloomfield, Henry Ford Ambulatory Center in Dearborn, and Toledo Clinic in Toledo.

Although he's not always in his office, his staff maintains regular business hours from 8:30 a.m. to 4 p.m. Mondays through Fridays, and from 8 a.m. to noon on Saturdays. Information packets describing the various procedures are available, and consultations are complimentary.

Initial consultations are essential in helping eliminate patients' fears. Before-and-after pictures are shown, the procedures are carefully explained including risks, down time and recovery, and questions and concerns are carefully addressed. Dr. Colton's primary commitment is the patient's safety and satisfaction.

A teacher and published writer, Dr. Colton offers personalized, professional services for a full range of cosmetic surgery procedures and skin rejuvenation techniques. Services include face, nose and eye surgery, chin and cheek augmentation, collagen replacement therapy, Gly-derm facial treatments, and permanent make-up.

For those who want even more information, Dr. Colton offers a free series of three seminars titled Lift, Tuck, Tweak, or Not? Anyone interested is invited to call the office at (810) 642-1770 to find out when the next series begins.
