

Millman-Derr Specialists in Eye Care

Millman-Derr Center for Eye Care, PC, is a medical group practice specializing in all aspects of care and treatment of the eye and its related diseases. Operating out of its two locations (Bloomfield Hills and Rochester Hills), the doctors of Millman-Derr care for more than 50,000 patients generally living within 30 miles of one of the facilities.

The Rochester Hills location houses a 19,000-square-foot combined clinic and ambulatory surgical center (ASC). Open since May 1989, the ASC is a fully licensed, Medicare certified facility that meets all of the life safety codes required by both state and federal programs. Most surgery scheduled through Millman-Derr is performed at the Rochester Hills ASC.

The Bloomfield Hills office is a 4,600-square-foot, full service eye care

clinic. It provides full optical and contact lens services.

The board certified ophthalmologists of Millman-Derr specialize in refractive, oculo-plastic and cataract surgery, glaucoma, laser, pediatric and other general ophthalmic services. The ASC and clinics are staffed by optometrists, registered nurses, licensed practical nurses and certified ophthalmic technicians. The experienced clerical staff includes billing, insurance and accounting, registration and medical record employees.

The clinics maintain regular office hours of 8 a.m. to 5 p.m. Monday through Friday. The clinics are open until 7 p.m. on Mondays. Saturday hours are 8 a.m. to noon.

The Millman-Derr physicians and staff emphasize a teamwork approach to providing patient centered, quality, cost effective eye care.
