Our prescription of quality.

The ArborTech Plus Computer in each Arbor store not only gives your Arbor pharmacist your complete medication history at the touch of a finger, but also checks for potentially harmful drug interactions and therapeutic duplication. The ArborTech Plus Computer has Dose Chek, which helps make sure you don't take too much—or too little—medication, by quickly checking to see if the prescribed daily dosage of your medication is within the manufacturer's recommended range. And, Arbor has Dose Chek Plus. A free personalized computer print-out that gives you a complete medication profile; how to use it, cautions and possible side effects.

Arbor's goal is to serve the needs of all people, not just the majority, by honoring most of the health care plans available today. And we're constantly adding new insurance plans as well. So no matter what health plan you have, chances are Arbor has you covered.
