Dopey acting can't keep magical 'Dragonheart' down

MONAGHAN

MONAGHAN

MONAGHAN

Rule fairly and justly, the dragnes and, and you will share all
the powers of my heart.

Well, the new king welched on
his promise. It took one of his
minions, a dragon slayer by
trade, to team up with his enemy
and restore peace to the kingdom.

and rostore peace to the king-dom.
Such is the story of "Dragon-heart," a sword and sorrery fable that takes a decidely gentle look at the fearsome flying reptiles. Approach it like "Twister"-dopey plot but eyepopping special effects – and you're likely to have a good time.

Don't come for the acting, not unless you count Sean Connery as the voice of the dragon, You'll also find sixties superstar Julie Christie as the king's mother,

Once upon a time, the countryside was terrorized, not by a dragon but by an evil king. When the ruler was finelly killed and his son mortally wounded, a dragon with magical powers agreed to resurred justly, the dragon with magical powers agreed to resurred justly, the dragon, with magical powers agreed to resurred justly, the dragon, with magical powers agreed to resurred justly, the dragon, as lass equipped with a sense of humor. Most directors required have played him for loughs (let Mol Brooks supply the vice) but he wisely comes off and sorcery fable eddely gentle look in the sense of humor. Most directors rought have played him for loughs (let Mol Brooks supply the vice) but he wisely comes off and sorcery fable eddely gentle look and s

unintentional laughs.
Some of the action scenes are appropriately rousing, with two (maybe three) elimactic swordights. Still, director Rob Cohed needs to come up with another way of dispatching villains than to have someone sneak up on them from behind when they'rd about to kill one of our heroes.
At its core "Dragonheart" is the kind of movie that would probably work better in book form. Its premise that the drag; on and the evil king share heart and thus each other's mortality must result in an ending that even the most guilible filmgoed can figure out halfway through.
Cohen and company also could have tried harder with the sets and musical score, which look and sound about as genuine as your local Renaissance Festival. Much of the budget for the movie obviously went to the special effects whices at Industrial Light and Magie, who should take most of the credit for making "Dragonheart" fly, even if just a little.

John Monaghan welcomes your Monaghan welcomes your local and comments. To leave him a voice mail message, dial (313) 953-2047 on a touchtone phane, mailbox 1866

COMING ATTRACTIONS

Scheduled to open Friday, June 7 Brodenck and Leslie Mann.
